Change the World

By Empowering Women

Engage with your friends in a movement to transform women's lives from domestic violence and homelessness.

Do you feel a longing to be part of something larger than yourself?

A Circle of Hope is a powerful community of action, support, and inspiration. It is a bold activity—a leap!

When you leap, you get to inspire and help others find their worth, strength, and courage.

Create a Circle of Hope
by hosting an event to raise money—
in person or online.

You will change the world for a woman and her family, and yours will be changed too.
